

SPECIFICATION - TECHNICAL DATA

Accessories	Threaded Process	Welded Process	Flanged Process
General Data	- HVAC and industrial applications - Fitting all TBx and TSx - Threaded process connection	- HVAC and industrial applications - Fitting all TBx and TSx - Welded process connection	- Process applications - DIN / ISO / ANSI / Flanges - Threaded connections (NPT or G)
Industries	Water / Waste water Machinery HVAC	Water / Waste water Machinery HVAC	Oil & gas / Chemical water / Waste water energy
Process Temperature	Max. 650°C	Max. 650°C	Max. 600°C (Depending on process pressure)
Max. Pressure	Max. 250 Bar	Max. 250 Bar	Max. 400 Bar (Depending on process temperature)
Materials	Brass Steel Stainless steel	Steel Stainless steel	Stainless steel
Length (mm)	50 ... 1000	50 ... 1000	100 ... 1000
For Immersion Tube Ø (mm)	4, 6, 8	6, 8	7 to 18
